Be Ready for the Unexpected: A Big-Picture Checklist

According to national data from 2024, weather and climate disasters have become more frequent, more severe, and more costly. Are you giving emergency preparedness the appropriate amount of attention? Read more to discover that a big-picture planning checklist can reveal your readiness for unexpected disruptions to your life, so you are not forced to address them under pressure when it may be too late or too difficult to make changes on the fly.

How to Protect Your Legal Documents in a Natural Disaster

Legal documents can feel abstract when nobody immediately needs them or you have never used them, in much the same way that the risk of a wildfire, hurricane, or other emergency can feel remote until you experience one firsthand. Read more to learn about how to prepare for that possibility, and how you should adopt a “not if, but when” mindset that lets you take control, even in the uncertainty of a disaster, by understanding the risks, making a plan, and protecting critical records.

Emergency Preparedness When Your Parent Is in a Nursing Home

Careful research and frequent check-ins can help keep a parent safe and secure in their new residence, as can preparing for a disaster that could trigger rapid, high-stakes legal and financial decisions. Read more to learn that a disaster plan may begin at home, but it should also account for parents and other family members who live elsewhere and may depend on you during an emergency.
